From: Dick Daniel, Assistant Director
Habitat Restoration

Subject: Core Actions

Enclosed for your review are CALFED Bay-Delta Program Draft Core Actions listed by species or group of special concern and by ecological zones. Please give these your final review. It would be most helpful if you could phone, e-mail, or fax your comments to me by March 22, 1996.

Also, a reminder, at the last Ecosystem Review Team Meeting we asked that you develop technical questions which are important to our ecosystem restoration planning effort. We plan to forward your questions to the Interagency Ecological Program by the end of the month. Please give this some thought and send your questions along.

Thank you for your continued participation in this process.
